

## glance image

Our creative experience enables us to capture the ideal image to communicate your message.

### **Web Design**

Web sites should be simple and functional for easy navigation. Rich in text for optimum performance with search engines. Dynamic in design, aesthetically satisfying. But overall Glance Image believes what you say is important so we can create a web site tailored to your needs.

### **Digital Photography & Video**

The heart of good design lies in the quality of the image. This is why we only use state of the art digital equipment, combined with creative camera work, to ensure that your message comes across with clarity.

### **Customer Support**

We work closely with our customers to help them achieve their goals and continue to do so through our dedicated after-sales support.

### **Animation & Sound**

Our in-house design studios offer a comprehensive range of services, including animation & musical composition.

### **Community-Based Organisations**

We offer discounts for community-based clients and non-profitmaking organisations, helping them to achieve their marketing needs within a realistic budget.

If you would like to discuss your requirements in more detail, simply email us at [design@glanceimage.co.uk](mailto:design@glanceimage.co.uk) or give us a call on 0117 939 1285.

We look forward to hearing from you.

Terry Rook – Proprietor
